CENSUS OF IRELAND, 1911.

COUNTY OF CLARE.

In addition to the information contained in the County Tables, it has been deemed advisable to adopt the course pursued in previous Censuses, and give the following Summary of the results obtained respecting the (Administrative) County of Clare from the Census Returns of 1911.

SUMMARY.

Area.—The (Administrative) County of Clare covers an area of 852,389 statute acres, or 4·1 per cent. of the total area of the country.

Population (Table II.).—The number of persons in the County of Clare, according to the Census of 1901, was 112,334; and according to the recent Census, 104,232 (53,877 Males and 50,355 Females), or 7·21 per cent. less than in 1901.

County Districts (Table VI.).—The following Statement shows, by County Districts (as constituted under the Local Government (Ireland) Act, 1898), the number of persons in 1901 and 1911, and the increase or decrease during the decade:—

County Districts.	Population.		Increase or Decrease between 1901 and 1911.		
			Number.		Rate per cent.
	1901.	1911.	Increase.	Decrease.	
Ennis Urban ..	5,093	5,472	379	–	7·4
Kilrush Urban	4,179	3,666	–	513	12·3
Ballyvaghan Rural ..	3,920	3,651	–	269	6·9
Corrofin Rural	4,803	4,483	–	320	6 7
Ennis Rural	14,709	14,051	–	658	4·5
Ennistimon Rural	18,069	16,882	–	1,187	6·6
Killadysert Rural	9,135	8,216	–	919	10·1
Kilrush Rural	24,555	21,981	–	2,574	10·5
Limerick No. 2 Rural ..	7,592	7,138	–	454	6·0
Scarriff Rural	10,445	9,837	–	608	5·8
Tulla Rural	9,834	8,855	–	979	10·0
Total	112,334	104,232	–	8,102	7·2

From the foregoing Statement it will be observed that there was an increase of 7·4 per cent. in one County District, viz., Ennis Urban; and decreases in ten County Districts, ranging from 12·3 per cent. in Kilrush Urban and 10·5 per cent. in Kilrush Rural to 4·5 per cent. in Ennis Rural and 5·8 per cent. in Scarriff Rural.

Families and Houses (Table VIII.).—The number of distinct Families in the County at the time of the late enumeration was 20,535, the average number of persons in a family being thus 5·0. The number of Inhabited Houses was 20,338, showing an average of 5·0 persons to each house. In calculating these averages the Special Inmates of Public Institutions have been omitted.

Occupiers of less than 5 Rooms (Tables IX., X.).—The number of Occupiers (or Heads of Families) in occupation of less than five rooms in 1911 was 16,546, or 80·6 per cent. of the total number of Families in the County, and of these 4 were occupiers of part of a room only; 1,048 or 5·1 per cent. of the total number of Families in the County were occupiers of one room; 4,664, or 22·7 per cent., occupiers of two rooms; 7,473, or 36·4 per cent., occupiers of three rooms; and 3,357, or 16·4 per cent., occupiers of four rooms.

The number of Tenements of One Room in the County was 1,050, comprising 360 cases, in which the room had only one occupant; 498 where the room had 2, 3, or 4 occupants; 147 cases in which there were 5, 6, or 7 occupants; and 45 cases where the occupants exceeded 7 in number, including 12 cases of 10 persons, 4 cases of 11 persons, and 3 of 12 or more persons in the room.

Civic Areas.—Towns having, in 1911, a population of 2,000 and upwards, are classified as Civic Areas. The County contains two such Areas, viz., Ennis Urban and Kilrush Urban. In 1901 the population of these Areas amounted to 9,272. In 1911 it was 9,138, showing a decrease of 134 persons, or 1·4 per cent.; in the remainder of the County the decrease was 7·7 per cent.

Pauperism (Table XII.).—The number of persons returned in 1901 as receiving relief under the Poor Law System was 3,994, or one in every 28 of the population; of this number 1,545 were inmates of Workhouses, and 2,449 were in receipt of Outdoor Relief. In 1911 the number returned was 2,189, or one in every 48 of the population; 1,208 of these being in the Workhouses, and 981 on Outdoor Relief, which figure includes 48 children Boarded-out.

The Sick (Table XII.).—In 1901 the number of persons in the County of Clare returned as Sick, on the night of the Census, was 1,102, or one in every 102 of the population. In 1911 the number so returned was 607, or one in every 172 of the population; of the latter number 230 were at their own homes, and 377 were in hospital.

Marriages, Births, and Deaths (Table XIV.).—For the purposes of Registration of Births, Deaths, and Marriages, the Poor Law Union forms a "Superintendent Registrar's District." Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of marriages registered in the County of Clare during the ten years ending 31st March, 1911, was 3,930, equal to an average annual rate of 3·6 per 1,000 of the population. The number registered in the whole of Ireland during the same period affords an average annual rate of 5·1 per 1,000.

The number of Births registered in the County during the ten years was 22,078, affording an average annual rate of 20·4 per 1,000 of the population, the average yearly rate for the whole of Ireland during the same period being 23·1 per 1,000

The Deaths registered during the decennium amounted to 15,717, being equal to an average annual rate of 14·5 per 1,000; the corresponding rate for the whole of Ireland was 17·3 per 1,000.

Birthplaces of the Inhabitants (Table XXV.).—Of the persons enumerated in the County in 1911, 93·4 per cent. were born therein; 2·9 per cent. in other Counties of the Province of Munster; 0·9 per cent. in Leinster; 0·3 per cent. in Ulster; 1·7 per cent. in Connaught, 0·5 per cent. in Great Britain; and 0·3 per cent. were born abroad.

Religious Professions (Table XXIX.).—The following Statement shows, according to Religious Professions, the Inhabitants of the County of Clare in 1911:—

Religious Professions.	1911.	
	Number of Persons.	Per-centage of Total Population.
Roman Catholics	102,300	98·2
Protestant Episcopalians	1,709	1·6
Presbyterians	166	0·2
Methodists	38	0·0
All other Denominations (and Religion unascertained)	18	0·0
Information Refused	1	0·0
Total	104,232	100·

From the above Table it will be seen that of the total population of the County in 1911, 98·2 per cent. were Roman Catholics; 1·6 per cent. Protestant Episcopalians; 0·2 per cent. Presbyterians; and 0·0 per cent. Methodists. In 1901 Roman Catholics formed 98·0 per cent.; Protestant Episcopalians, 1·8 per cent.; Presbyterians, 0·1 per cent.; and Methodists, 0·1 per cent., of the population of the County.

Education (Tables XXX. and XXXIII.).—In reckoning the number of illiterates the age of 9 years has now been substituted for the age of 5 which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for this County, are:—

	Population, 9 years and upwards.	
	Numbers.	Proportion per cent.
Read and Write ..	77,041	89·5
Read only ..	1,744	2·0
Illiterate ..	7,354	8·5
Total ..	86,139	100·

For comparative purposes the figures for those between the ages of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion, as in former years, it would have appeared that the per-centage of those unable to read or write, which was 19·2 in 1891, and 13·2 in 1901, had fallen to 10·8 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County of Clare returned as being able to speak the Irish Language in 1911 was 36,704, (161 of whom could speak "Irish only" and 36,543 could speak "Irish and English") representing 35·2 per cent. of the total population of the County.

Table XXXVI. gives for the first time, by District Electoral Divisions, the information available regarding the Irish Speaking portion of the population; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

Printed image digitised by the University of Southampton Library Digitisation Unit

School Attendance (Table XXXVIII.).—The number of pupils attending school in the County of Clare, according to the Census of 1901 (week ending 11th May), was 18,114. In 1911 the number returned (for week ending 13th May) was 18,138.

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911, who stated that they were from the County of Clare, amounted to 13,597 (6,596 males, and 7,001 females); the number for the decade ending 31st March, 1901, was 18,031; for that ending with March, 1891, 32,421; for that ending with March, 1881, 18,796; and for that ending with March, 1871, 31,667, and for that ending with March, 1861, 50,033, making a total of 164,545, for the sixty years.

(a.) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, *i.e.*, their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz.:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses, occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.

In 1901 the population of these Areas amounted to 123,110. Each Union or Superintendent Registrar's District is divided into Dispensary Districts for the Medical Relief of the Poor under the Medical Charities Act; these Dispensary Districts, save in a few instances, are identical with the Registrars' Districts. Each Dispensary District is composed of a certain number of District Electoral Divisions.

According to the returns of the Registrar-General, the number of Marriages registered in the County and City of Cork during the ten years ending 31st March, 1911, was 20,407, equal to an average annual rate of 5·1 per 1,000 of the population. Religious Professions.	County of Cork.		City of Cork.	
	Number of Persons.	Per-centage of Total Population.	Number of Persons	Per-centage of Total Population.
Roman Catholics	288,455	91·5	67,814	88·5

Presbytsrians; and 0·6 per cent. Methodists. In 1901 Roman Catholics formed 91·3 per cent.; Protestant Episcopalians, 7·3 per cent. Education (Tables XXX. and XXXIII.).—In reckoning the number of illiterates the age of 9 years has now been substituted for the age of 5 which was formerly adopted.

On this basis the details of population, aged 9 years and upwards, for the County and City, are :—

	County of Cork.		City of Cork.	
	Population, 9 years and upwards.			
	Numbers	Proportion per cent.	Numbers	Proportion per cent.
Read and Write ..	230,564	88·9	56,815	90·8
Read only ..	4,489	1·7	1,708	2·7
Illiterate ..	24,424	9·4	4,097	6·5
Total ..	259,477	100·	62,620	100·

For comparative purposes the figures for those between the agee of 5 and 9, who can read and write, are shown in Table XXX.

It is satisfactory to note that had the earlier age of five been taken as the starting point on this occasion as in former years, it would have appeared that the per-centage for the County and City of those unable to read or write, which was 20·0 in 1891, and 14·2 in 1901, had fallen to 11·3 in 1911.

Irish Speaking Population (Tables XXXVI. and XXXVII.).—The number of persons in the County and City of Cork returned as being able to speak the Irish Language in 1911 was 83,898, representing 21·4 per cent. of the total population. Of these 558 could speak "Irish only," and 83,340 could speak Irish and English.

Table (XXXVI.) gives for the first time by District Electoral Divisions, the information available regarding the Irish Speaking portion of the population ; while Table XXXVII. shows, by County Districts, the numbers in 1911, as compared with those returned in 1901.

School Attendance (Table XXXVIII.)—The number of pupils attending school in the County and City of Cork, according to the Census of 1901 (week ending 11th May), was 68,145. In 1911 the number returned (for week ending 13th May), was 67,056.

Emigration (Table XLI.).—The number of Emigrants during the ten years ending 31st March, 1911 who stated that they were from the County and City of Cork, amounted to 43,593 (21,424 males, and 22,169 females) ; the number for the decade ending 31st March, 1901, was 77,072 ; for that ending with March, 1891, 83,533 ; for that ending with March, 1881, 74,209 : for that ending with March, 1871, 118,669, and for that ending with March, 1861, 148,009, making a total of 545,085 for the sixty years.

(a) The Civic Areas comprise all Municipal Boroughs, Urban Districts, and Towns of 2,000 inhabitants and upwards.

NOTE.—The plan of classification in the foregoing Table is the same as that adopted in former Censuses, and may be thus described:—

The value or condition of a house, as to its quality, may be considered to depend mainly on—

1st, Its extent, as shown by the number of rooms; 2nd, its quality, as shown by the number of its windows, and 3rd, its solidity or durability, as shown by the material of its walls and roof. If numbers be adopted to express the position of every house in a scale of each of these elements, and if the numbers thus obtained for every house be added together, a new series of numbers will be produced, giving the position of each house in a scale compounded of all the elements, i.e., their actual state.

Four classes have been adopted, and the result is, that in the lowest of the four classes are comprised houses principally built of mud or other perishable material, having only one room and window; in the third a better description of house, varying from one to four rooms and windows; in the second, what might be considered a good farm house, having from five to nine rooms and windows; and in the first class all houses of a better description than the preceding.

The accommodation which the houses afford has also been arranged under four classes, viz:—

First Class accommodation consisting of 1st class houses, occupied by one family.

Second Class accommodation consisting of 2nd class houses, occupied by one family, or of 1st class houses occupied by two or three families.

Third Class accommodation comprising 3rd class houses, with one family each, or 2nd class houses, with two or three families, or 1st class houses occupied by four or five families.

Fourth Class accommodation includes all 4th class houses, 3rd class houses with more than one family, 2nd class houses with four or more families, and 1st class houses inhabited by six or more families.
